## City Council Meeting

The regular meeting of the City Council convened on the 7th inst., and was attended by the mayor and members, excepting Councilman Thorne, who was out of the city.

A petition bearing a number of signatures was submitted, praying for abatement of the bowling alley, referred to the judiciary committee for investigation.

The petition of J. F. Clark, et. al., for the construction of a culvert at intersection of Third North and First Streets, was granted.

The chairman on water works reported the sale of 1796 feet of one-inch pipe, which was netted the system \$76.

The cemetery chairman stated that the cost of the clean up exceeded the appropriation by \$5.75, which was ordered paid.

The sexton was authorized to have copies of the agreement for care of cemetery lots typewritten and circled, so as to expedite the securing of signatures. The agreement provides for the care of individual lots at a cost per year of not to exceed \$1.50 per lot, after same is graded and seeded to lawn grass; and it earnestly desired that sufficient persons will sign up to insure protection to this important matter.

Many of the lots are neglected, making the otherwise beautiful cemetery well kept appearance of the "City of the Dead."

A number of monthly reports of officers were received; the treasurer reported indicating a credit balance of \$41.06.

The mayor appointed City Marshal Pierce, ball commissioner, which was done by unanimous vote.

Appropriations aggregated \$81.70.

**ENGAGE IN CLUB CONTESTS**

L. A. Richardson is doing a lot of work among the boys of this town in the organization of boys' clubs. The boys keep accurate record of all work done, so as to find out only what methods get the best results, but also whether it pays or costs cents. Following is the list of the different activities:

after the dragging his alfalfa was seven inches high. A plank was placed on top of the wire and a small boy on the plank.

Some who are making a study of weevils and their destruction, say that while dragging alfalfa in the mud does excellently the first season, it will kill it the following year.

## Mrs. Elizabeth Winters Laid To Rest

Funeral Services for Much Loved Woman

Funeral services for Mrs. Elizabeth Wadley Winters were held in the Tabernacle last Saturday at 2 o'clock p. m. The house was well filled with sympathizing neighbors, friends and relatives, many coming from out side cities. The floral tributes were many and beautiful, typical of the beautiful life of the deceased and showing the love and esteem in which she was held by the community. The casket was buried with the flowers and the grave completely covered.

Bishop Olpin of the First Ward had charge of the services and the music was furnished by the members of the three ward choirs.

The opening prayer was offered by Axel BuRock and the benediction was pronounced by E. G. Oscarson. The following speakers bore record of the beautiful life and character of the departed and gave many excellent gems of thought: Albert H. Olpin, Elder James H. Clarke of the stake presidency, John E. Booth of Provo, and Elder Heber J. Grant of the Council of the Twelve. Closing remarks by Bishop E. D. Olpin.

**HONOR PROF. OVERLADE**

The combined orchestras and bands and their parents gave a reception in honor of A. R. Overlade, the music director of the public schools.

The following program was rendered:

Speech—W. L. Hayes.  
Violin Duet—Orpha Halliday and Lois Hayes.

Speech—Robert Johnson, representing Linton musical students.

Speech—Wendell E. Thorne, representing Junior Orchestra and Band.

Speech—James H. Walker.  
Speech—Orpha Halliday and A. R. Overlade, and other numbers.

Games and dancing were part of the evening's entertainment. Punch and cake were served and a good time was had by all.

The band and orchestras gave Mr. Overlade a beautiful signet ring in appreciation of his labors.

**WILL INCORPORATE TUNNEL PROPERTY**

The owners of the Culmer tunnel, above Linton, will organize into a new company this week and file their articles of incorporation. The present owners, Bishop A. L. Culmore, E. T. Culmer, C. G. Johnson and Fred Culmer, have done a lot of work on the property and have consented to form a corporation and let others have an interest. The intention is to resume work at an early date.

**Second Ward Choir Has Successful Outing**

The social event of the week was the outing of the Second Ward choir at the Saratoga Springs Wednesday afternoon. Over sixty members and friends took advantage of the outing and most of them made the trip on hayracks. The afternoon was spent, bathing, boating, playing games and in a pleasing program. Picnic, however, was the chief feature. The day was ideal and the outing was voted the best ever.

**STAKE OLD FOLKS TO MEET AT GENEVA**

Arrangements were perfected this week to hold the annual old folks' reunion at Geneva Wednesday, June 30th. They will be taken to the resort in buggies, automobiles and on board the D. & R. G. train. Each city will take care of its own by way of lunch, refreshments, etc. The place is ideal for entertaining the veterans and one of the most enjoyable times in their history is anticipated.

**Off For California**

A party of fourteen, consisting of Mr. and Mrs. L. P. Lund, Mr. and Mrs. Alma Kirk, Mr. and Mrs. L. W. Lund, Martell Lund, Evelyn Lund, Mr. and Mrs. A. E. Cooper and four children, left for the Panama Exposition Tuesday. They will spend about one month taking in all the places of interest on the coast.

**Boys In Auto Come To Grief**

Start For Saratoga But Get Only As Far As American Fork.

Wednesday night Burton West and Johnny Wearne came to grief in American Fork when they bumped Dr. Grua's automobile into the signal rod of the inter-locking device of the Orem road at American Fork, driving the wheels back under the car and otherwise placing it out of commission. Their grief received a considerable addition next day when their identity was learned and they were told that it would cost them about \$40 to have the machine placed in repair.

Dr. Grua started for Geneva with his car Wednesday afternoon, but when he arrived at the Pleasant Grove Mercantile company, something went wrong with the apparatus and it was taken to the shop for repair.

A crowd of boys discussed the plan of taking a ride in it to Saratoga, but with the exception of the West and Wearne boys, they all got cold feet. The boys could not work the lighting device, and when they crossed the interurban track in American Fork, they were off the regular road and bumped into the signal rod which runs along about two feet above the ground. J. H. Singleton, who was sitting on his porch near by, heard the crash and thought it was a railroad wreck. The boys borrowed some wrenches from him, but could not make the machine go. Returning home they left a note attached to the blacksmith shop door handle, telling in that the car could be found at the interurban inter-locking device, but was too unintelligible to give the officers a definite clue. Frank Humphries, Jr., saw the car Thursday morning when coming from Salt Lake and thus located its whereabouts. Frank Humphries, Sr., when coming home from Saratoga at nine o'clock Wednesday night, saw the boys wheeling the car away from the blacksmith shop—one was steering it and the other was pushing. When they got down the road a ways they got in and the joy ride commenced.

Sheriff East was over Thursday on the affair, but said that if the boys fixed the car in good repair, it was probable that the county would not prosecute unless Dr. Grua filed charges.

**GLEASON SUES FOR \$1,000**

Thomas Gleason this week commenced suit in the District Court for \$1000 damages from fire caused by a San Pedro Los Angeles & Salt Lake engine last summer. Mr. Gleason alleges that the engine set fire to his premises, burning up his sheds, straw stacks, hay, etc. Tracy Wootton of American Fork has the case.

**PROF. PAUL SUNDAY NIGHT**

The services Sunday night in the Tabernacle will be under the auspices of the Sunday School. Prof. J. H. Paul of the U. of U., one of the most eminent speakers in the state,
